☐ Other (please specify).....

Project proposal description

Description of the project idea

The main ideas of the project:

- 1) Improving the quality and availability of drinking water for residents of the Khodoriv community and partner community.
- 2) Modernizing the water supply and wastewater infrastructure.
- 3) Introducing modern technologies and practices in the field of water resources management.
- 4) Improving the environmental safety of the regions.

Expected role of the partner institution

- 1) Participation in creating strategies, joint methodologies, conducting research or implementing pilot projects;
- 2) Any action by a partner should work to solve a common problem on both sides of the border;
- 3) Actively participating in cross-border working groups to co-create joint action plans and long-term regional development frameworks;
- 4) Target Group Engagement: Mobilizing local stakeholders, including (e.g., local authorities, school managements, educators, NGOs, or citizens), to participate in workshops, focus groups, and pilot initiatives.
